

# No subsidies for new Nuclear Power Plants!

**Come to the demonstration  
on March 24th in Brussels**

The EU Commission authorised massive governmental support for the new nuclear power plant Hinkley Point C. On the wish list for EU's 315 Billion Euro investment plan, there are Nuclear Power Projects which cost 80 Billion Euros.

**And we  
– people of the European Union –  
just watch, don't act?**

**Raise your voice and say: NO!**

**Come to the demonstration  
on March 24th 10:30**

Brussels, Rond-point Robert Schuman

**Together, we will stand up  
against nuclear power!**

# Show your resistance against the EU Commission's plans!

On the 24th of March, 10:30 a.m., people from Belgium, Great Britain, Germany, Austria and the Netherlands come together on Rond-point Robert Schuman, Brussels. Julia Verlinden, Member of German Parliament as well as Molly Scott Cato, Member of European Parliament, will speak.

The demonstration will be filmed by the fechner**MEDIA** crew which produces a documentary for cinemas about the transition towards 100 percent renewable energies. We want to spread the idea that CHANGE is possible!

If you are interested, please send an e-mail to [change.produktion@fechnermedia.de](mailto:change.produktion@fechnermedia.de) for further information. Or just come to Rond-point Robert Schuman next to the European-Commission's building (Metro station Schuman).

Please, also sign the complaint by EWS Schönau:
